### Foreign Aid Bill Clears **Both Houses**

Washington (A) - The House and Senate approved a \$5,157,000,-000 foreign aid program yesterday but directed President Eisenhower to withhold one billion from six European countries unless they unite behind an international army.

The House acted first, passing by a roll-call vote of 221 to 109 a compromise bill worked out by a special Senate-House committee. The Senate followed quickly with a voice vote of approval and without further debate.

The legislation is an authorization bill which sets a ceiling, 314 million dollars lower than Eisenhower requested, on mutual security spending for the fiscal year ending next June 30.

### Forced Landings Mark Crossans' Trip To Coast

Sacramento, Calif. Rev. Alexander Crossan Jr. taxied his light plane across the runway here, opened the door so his wife and two children could touch terra firma, and found his father on tap to greet them.

The flying pastor and his family emplaned at East Stroudsburg Airport, leaving duties as pastor of Middle Smithfield Presbyterian Church behind for a Summer vacation and headed for here.

But what he didn't anticipate on leaving was a forced landing at Yellowstone Park and that's just what happened.

Towering 9,400 feet above the mountains with your wife and two children in the plane; motor trouble develops and there's no place to land-what do you do?

Well the young minister solved that problem. So gentle was the landing in the craggy park the children, Karen, 4, and Alexander III, 11/2, who were asleep in the back seat, did not awaken.

A second forced landing near Mountain City, Nev., proved rather anticlimactic to the 27-year-old clergyman and his family.

Rev. Crossan's account of the park landing follows:

"We were flying along at 2,000 feet above the mountains and canyons of the park between West when a racket developed in the Crossan Sr.

"The motor was making only 2,000 revolutions per minute and Gilbert we were losing about 200 feet per minute. We hand to land. But where?

They also wanted Crossan to make a crosswind takeoff from a nearby straight stretch of highway but he talked them into permitting him to make a normal takeoff from the strip.

He made the takeoff without incident, landed in nearby West Yellowstone, picked up his wife and children and baggage and flew to Twin Falls, Ida.

Crossan gave this story of his second forced landing on a stretch of canyon highway near Mountain

"We left Twin Falls an hour before sunset, intending to travel to Owyhee, Nev., before dark. I was navigating by chart with dried up stream beds as check points.

"The streambeds were checking out and I sighted a town which I took to be Owyhee. However, the road approaches to the town didn't agree with those of Owyhee on the thart. I looked westward but couldn't see nearby Owyhee because of the setting sun.

"I decided to land on a long stretch of highway in a canyon. I accomplished this without incident and taxied down the canyon into the town whch turned out to Mountain City."

FASHION ACADEMY AWARD

MARSH'S GARAGE

123 North Ninth St., Stroudsburg

The directors of Fashion Academy, noted New York school of fashion design, have named the 1953 Studebaker outstanding in smartness and styling.

This is more than a gratifying recognition of the talents of Studebaker designers.

It is also an endorsement of the unerring good taste of millions of Americans who consider the 1953 Studebaker the best looking automobile ever built.

The welcome, albeit startling news that Lavrenti Beria had been fired as one of Russia's Big Three and is about to be tried as a traitor is another indication that the land of the Soviet is not the paradise its propagandists like to paint

With the continuing close control of adequate information from behind the Iron Curtain, it is extremely difficult for any of us to understand fully just what the move portends, but it is apparent that the triumvirate named to control after the death of Premier Stalin did not see eye to eye.

### Let Her Be Happy

English newspapers have been giving considerable of their not extensive space to comment on the reported romance of Princess Margaret and Group Captain Peter Townsend, RAF pilot who has been close to the royal famity, and the discussion shows no signs of lessening.

The stories relayed by correspondents from London sound not too unlike similar stories in the American press about Margaret Truman, although it must be admitted that none of these latter ever got beyond the gossip stage in which the name of Miss Truman was linked with this young

The present interest of the British press is shared on our side of the water, for even though it is actually none of our business, we Americans have watched with affectionate interest the "growing up" of the charming little girl and we would like to see her given true happiness.

Cameramen should be protected in the course of their work just as much as a banker, street car operator, politician, second baseman or almost anyone.

But that clause, "news of public interest," might just fail to cover the necessary ground. Who will have the say as to what is public interest?

Pitched battles have been fought over the meaning of those words. Maybe the photographers would rather take their chances and trust their legs.

#### Brakeman Leaps From Train And Saves Tot's Life

Detroit (P) - A brakeman who jumped off a slow moving train and outran it was credited yesterday with saving the life of a three-year-old boy whom he snatched from the train's path.

Dick Shelin of Toledo, O., was riding in the cab of the train in a railroad shifting yard when he spied the boy, Donald Frysinger, sitting nonchalantly on the tracks.

Shelin leaped from the train, which was moving only five miles an hour, sprinted to the boy's side and pulled him to safety just before the train rolled by. Police had been bunting for the boy who was reported missing a short time

Those activities in Washington involve a lot more for Madam Treasurer than having her signature imprinted on the currency of the country, she has discovered.

Through her office flow millions of checks each year. Every time currency is moved from one Mint its name, is stocked with an unto another, from the Federal Reserve, from this country to another country, her signature must authorize that transfer.

The currency redemption division is another department under her charge and there isn't a day goes by that money doesn't arrive in brass bed posters, in furniture castors, in the other odd hiding places which people chose for their wealth, only to discover that it had disintegrated or been chewed up or otherwise made practically unrecognizable. Although, she said, an amazing amount of mutilated money is redeemed there.

Old worn money is also her concern since it must be called in and new currency authorized to replace it.

### Large Crowd Hears Speakers At Council Here

Leaders in many fields spoke with sincerity and force of their own experiences with alcoholism at the Inner Council meeting of Alcoholics Anonymous held on Sunday afternoon at the East Stroudsburg Methodist Church.

There were about 110 persons present from the Stroudsburgs, Honesdale, Scranton, and surrounding territory.

One of the speakers, a leader in the field of education, spoke of the four controlling forces which may help a man to stop drinking. His family, which often fails because his relationship with them may be the cause of his drinking; the police, which in time he comes to regard as part of his persecution; religion which he sometimes rejects because of his own agnosticism; and the examples of others who have licked the problem and are willing to help him.

The second speaker, a former judge, told how he had often may be left there all this week. tention to a fellow shopper. "Did sentenced men to jail for drunk-4 enness, and after his retirement had found himself in the same jail and for the same reason that he had once sentenced others.

# Lanolin Plus Does Wonders For Your Skin

### Your Skin Wakes Up to New **Beauty and Exquisite Softness** With Lanolin Plus Liquid

ONE OF THE most serious beauty problems women face is premature wrinkles, due to excessive dryness or climatic conditions. The longer this dry condition exists, the deeper and more permanent the premature wrinkles and crow's-feet become. Now with Lanolin Plus Liquid, you can help replenish vital oils that are so essential to a smoother, more youthful complexion.

Harsh cleansing methods remove the skin's natural lubricants-esters and cholesterols-and in many cases, may further dry out your skin. All you have to do is soften the skin and premature wrinkles become less and less apparent. Try this wonderfully refreshing facial with LANOLIN PLUS LIQUID at night before you go to bed. Your face will feel relaxed and refreshed—and you'll feel a glowing kind of youthful vitality in your skin. And when your skin feels this good, you just know it *looks* radiant and exquisitely smooth!

With each bottle, you receive as a gift the convenient dispenser shown here. Dispenser drops just the right amount of Lanolin Plus into your hands so you

You can't imagine what beauty you have in the palms of your hands until you use Lanolin Plus Hand Lotion. the right amount of lanolin with its valuable esters and cholesterols, penetrates your skin and replenishes vital oils that your hands need to make them feel and look smooth as

It's no wonder that Lanolin Plus is so effective. Years ago on the plains of Australia, during sheep-shearing season, the hands of the men were dry and calloused. But almost immediately an amazing phenomenon occurred. Their hands became softer and smoother. The secret?

Lanolin, the closest duplication of the natural oils of our human skin, is found in the fats and oils of the sheep's wool. As the men sheared the sheep, lanolin was absorbed into their skin. And gradually their hands became softer and smoother. Today chemists have found a way to blend an abundant amount of lanolin into Lanolin Plus. The formula holds an exclusive United States patent.

Treat your hands to this entirely new feeling of petal-freshness and softness. Use LANOLIN PLUS HAND LOTION all through your busy day. It works quickly, then disappears like magic. So reasonably priced, too-only one dollar, plus tax, at all cosmetic counters.

#### With Lanolin Plus Suntan Lotion, You Can Help Prevent Peeling...Get A Smooth, Even Tan

#### Your Hair Will Be Lovelier, More Manageable If It's In Good Condition

All the new "hair-dos", rinses, permanents and bleaches in the world can't make your hair look prettier if it isn't in good condition. imple, basic care of your hair is your first step toward hair beauty. And Lanolin Plus For The Hair should be your first thought.

If your hair is dull, dry and unmanageable, it will surely welcome the refreshing, softening influence of Lanolin Plus. For lanolin, with its rich base of stimulating esters and cholesterols, is the closest duplication of Nature's own lubricants. Too often the gleaming highlights and lovely softness that Nature meant for your hair to have are taken away by various kinds of harsh hair treatment, water, and the drying effects that come from exposure to sun or wind. When that happens -and even before it happens -look to Lanolin Plus For The Hair to supplement precious, natural oils and bring out sparkling highlights. It can be used in several ways. Before a shampoo: Rub gently into

scalp and massage hair strands. If you prefer, use it the night before ou shampoo. After each shampoo: f dryness is severe, brush a few drops through the hair, and in the ends. Every day: A few drops brushed on help to keep unruly locks and stray ends beautifully in You'll find, too, that the

### Lanolin Plus Agrees With Your Skin ... Makes It Feel Better ... Look Softer, More Youthful

THE LOVELY, SMOOTH SKIN of a baby is naturally soft and supple because Nature's inner lubricants keep it that way. But as time goes by, these natural oils become less plentiful and, 3 in addition, are removed by sun, wind, dry indoor air and harsh cleansing. Years ago it was found that the wool of sheep contains a substance known as lanolin, which, because of its rich base of beneficial esters and cholesterols, is most similar to the natural oils of our human skin.

The chemists who created Lanolin Plus planned their formula to include highly refined fanolin and other skin-beautifying ingredients. Because of its thorough action, it helps to maintain the proper lubricating balance both for complexions that are too  $d_{i,j}$ or too oily. It also supplies normal skin with the priceless softening influence it needs to stay soft and silken-textured.

With your very first touch of Lanolin Plus Liquid, you'll see for yourself how exquisitely soft and fresh your skin can feel. Words can't describe that feeling, but once you know it, you'll never want to lose it. If you use Lanolin Plus faithfully and regularly, you'll find that harsh dryness will disappear . . . premature wrinkles and crow's-feet due to excessive dryness or climatic conditions become less and less noticeable.

Use Lanolin Plus Liquid to pamper your skin overnight while you sleep . . use it as a cleanser to make your face feel cleaner, fresher than ever before. And you'll find it does wonders for replenishing vital oils removed from the skin by wind and the burning, ultra violet rays of the sun, If your heels, insteps or toes are calloused or rough, a relaxing foot bath, followed by a Lanolin Plus Liquid massage, will soften and soothe the dried out areas.

The most feminine desire in the world is to stay lovely and youthful looking. Now-with the softening qualities of Lanolin Plus Liquid-all women can help to achieve this desire. For this almost-miraculous Liquid replenishes vital oils that help to deter dry skin with its devastating effects.

Take a long, objective look at your complexion. Is it everything you want it to be? Or would it welcome a chance to absorb some of Nature's own kind of lubricants? Lanolin is the closest duplication of these natural oils. So don't wait another day to discover the wonders of LANOLIN PLUS LIQUID. One dollar\* is such a tiny price to pay for the glorious feeling of having skin that you know is soft and caressable, and more youthful looking than you ever imagined!

### Skin Feels Cleaner\_ Fresh-As-A-Daisy-With Lanolin Plus Liquid Cleanser

The fresh, clean feel of your skin after its first cleansing with this creamy liquid will make you promise yourself that you'll never again bother with harsh cleansing methods. For Lanolin Plus Liquid Cleanser, richly endowed with lanolin and its rich base of esters and cholesterols, penetrates your skin and softens as it cleanses. Lanolin Plus Liquid Cleanser is compounded so that there is no harsh, drying effect. Instead, it offers the wonderful lubricating influence of lanolin itself that combats drying conditions due to lack of natural oils.

There's a good reason why lanolin is so beneficial to your skin. Lanolin is obtained from sheep's wool and is most similar to the natural oils of our human skin. So when Nature's own lubricants are so closely duplicated, it's no wonder that your skin responds quickly and eagerly

LANOLIN PLUS LIQUID CLEANSER should be a "must" in your daily skin care. It's amazingly effective ... delightfully refreshing ... and so economical! Only one dollar plus tax at all cosmetic counters.

#### Reveal Your Hair's Natural Loveliness With Lanolin Plus Hard Water Shampoo

Perhaps you are one of the many women who are at a loss to know how to keep their hair and scalp scrupulously clean, yet pre serve the natural

oils that are essential to soft, glistening hair. Possibly you've found that ordinary cleansing has either had a severe drying action, leaving the scalp flaky and the hair brittle and unmanageable, or has left a sticky, dulling film on your hair.

Now, Lanolin Plus Hard Water Shampoo answers this problem for you. For this is the shampoo that contains a superabundance of lanolin, the nearest duplication of nature's own oils. It not only helps lubricate scalp and soften hair, but at the same time it lathers beautifully in the hardest water. Its rich, lanolized suds thoroughly whisk away dirt and grime so that the hair is left soft and silken and gleaming, as it should be. Just as the shampoo cleanses, its oil

pampers the hair. It's economical, too, because it's fast-acting, and ordinarily only one application is needed each time you wash your hair.

All cosmetic counters can supply you with LANOLIN PLUS HARD WATER SHAMPOO for only a dollar. You'll never know how really clean, soft and manageable your hair can be until you use this thorough shampoo, containing such a generous supply of lanolin. Try it, and see if you're not amazed at the new loveliness it gives to your hair.

A serious protest in the Pocono Mountains Baseball League appears to have become an annual occur-ance. Last year the eligibility of Ray Steele, then the number one hurler for Bushkill and now a member of the Philadelphia A's farm system, was a constant topic Crown Today of debate for the better part of a month. This season trouble has developed over another pitcher, nersyille and Barrett, both in the Canadensis.

Alden "Red" Fetherman, recently released by Fulton, of the class "D" Kitty League, did the pitching for Tannersville and hurled his club to a 2-1 victory. Barrett informed the proper authorities before the game started that it was being played under protest, Barrett officials are basing their protest on Article 10, Section Four of the 1953 By-Laws. The protest will undoubtedly be aired at next Monday's regular monthly meeting of the circuit at Bartonsville Hotel.

The Printers could have moved into a 6-5 lead in the same inning for the current season, he does to even the count at 5-5. is at least two different interpre- run. tations of the by-law listed above.

Ray Davies, manager of the Tannersville club, contacted John Wernett, league secretary on Saturday, and received Wernett's viewpoint on the subject. In a telephone conversation with Wernett last night, this column was informed that the interpretation given Davies was the personal view of the league secretary and by no means an official verdict handed down by a league official. Wernett said, "as far as I am concerned personally, I think Fetherman can be used according to the revised by-law listed above." Wernett repeated that his remarks to Davies were personal and not official.

Davies, who has turned in a finjob of piloting Tannersville to it current position in a two-way ti for fourth place with Kunkletown stand to this scribe yesterday Ray, trying to build Tannersville into a contending power, had reportedly signed Fetherman to a contract in June, when the for mer Stroudsburg High athletic star had been released by Bluefield, of the Appalachian League, and before the Bartonsville resident reported to Fulton. Although Fetherman didn't play a game with Tannersville this seaon, he reportedly has been on the roster since last month.

Both the Tannersville manager and Wernett take the stand that since Fetherman has received an official release from the professional clubs of which he was a member during the past campaign, he is now eligible to play in the Pocono Mountains League. If the question can't be settled at next week's circuit meeting, Commissioner Warren "Mag" Loney will undoubtedy be called upon once again to settle the problem. Fetherman not only pitched with Tannersville last Suday but will play his first basketball game of the summer season with the Henryville House tonight.

Karl Weingartner, who got off to a slow start with the same Tannersvile club, as far as hitting is concerned, this season, blasted a home run on Sunday in the ninth inning to give Tannersville its 2-1 edge that may or may not hold up before a league hearing. Karl, who plays baseball, basketball and football at Stroudsburg High, is one of the youngsters who is drawing the attention of major league scouts in this area. Bushkill, although not among the top four clubs at the present time, is making a habit of knocking off the big boys in the Pocono Mountains League.

Bushkill earlier in the campaign upended Kunkletown and on Sunday came up with a surprise 9-8 verdict over Saylorsburg. The loss knocked Saylorsburg from the top spot in the standings. Bill "Bump" Metzger, Saylorsburg hurler, reportedly did alright for himself at the baseball school conducted by the St. Louis Cardinals in Allentown last Saturday. Metzger retired four batters on strikes, got another on a fly and a third on a line drive, to register two perfect innigs on the mound. Fetherman also attended this school, as did Jim "Cocky" Wilson and Merlin "Abe" Mays, Both former Tobyhanna Township High School athletic stars and now members of the Pocono Lake entry in the Pocono Mountains League.

FLIPS AND SPINS Every night this summer from New England to California fans wil flock to see stock car races. In Florida, Texas and California and in some indoor arenas of the North, fans will see more such races this winter. What they are paying to see are traffic jams at 70 miles per

Stock car racing has be-

hour-a thrill a minute.

come popular in the U.S. since World War II and has more interest to the fans than midget racing. There is more bounce to the ounce claims a popular soft drink, but in stock car racing everybody bounces off everybody else. Flips and spins and Heaven knows what. A flip is a turn over. A spin is a skid. Flips and spins occur in almost every race. These are only two of hundreds of things that can happen and no man knows what is going to happen next. The remarkable thing about stock car racing is, that there is almost no serious injuries.

A stock car race is bound to give you a thrill, lots of thrills, and if you select a trouble free used car from our stock, you are sure to be thrilled with its performance -its dependability-and you will be thrilled with the price.
